(Applicant/Applicant's Representative Signature – if appropriate)

Continuation of Substance of Interview including description of the general nature of what was discussed: Examiner and representative discussed amendments to the claim 37 to limit the number of predicative questions to four in accordance with the Specification as originally filed, which notes that four questions were determined that meet the claimed 5% or greater level of confidence threshold. Examiner and representative additionally discussed amendments to overcome potential statutory subject matter rejections under 35 U.S.C. 101. Examiner agreed to enter the proposed amendments as an Examiner's amendment and to allow the case in light of the amended claims. Representative declined the offer and indicated an interest in continuing prosecution. .
